Social Prescribing

Connecting you with your community

www.brighter-futures.org.uk

What is Social Prescribing?

Social Prescribing is a means of GP's and other Health Professionals to refer people into local, non-clinical services.

A Social Prescribing Link Worker is available to work with anyone over the age of 18 within the local community.

Your Link Worker

Is someone who will listen, support and explore 'what matters to you' and work with you to create a personal plan highlighting your needs.

Your Link Worker can provide support, information and signpost within the local community by linking in with voluntary, community sector organisations and other agencies.

They will help you to find support that works for you

Social Prescribing helps people

- To adjust their lifestyle, ie, weight loss/ stop smoking/more exercise
- Look after themselves, when they're not eligible for social care
- Manage their symptoms, ie, finding support groups.
- Find work/volunteering support
 With money/finances
- If they have issues with accommodation due to changing needs.
- Gain new networks and friends
- To feel positive about their lives

It can help you to improve your overall wellbeing

To access social prescribing

For further information, speak to your GP who can complete a referral to the Social Prescribing Link Worker.

You will be contacted to arrange a convinient time and place to meet.

Brighter Futures
